Reference Floorstanding Speaker

The Speaker Box 10 E Carbon features a 1" silk dome tweeter, paired with two special 4" fiber glass carbon composite woofer. Mounted into an ultra stiff non resonating MDF cabinet, these chassis deliver an audiophile music reproduction.

The speaker delivers an audiophile flat frequency response from 48 to 20.000 Hz. It offers a highly natural sound stage paired with powerful bass. It uncovers every detail with no colouration and convinces with authentic reverb which results in a wide and deep stereo image. Speaker Box 10 E is very open sounding with a pleasing timbre and allows listening for hours without fatigue.

We recommend connecting it with an amplifier with an output power of at least 10 watts per channel. The MaiA S3 or DS3 are perfect partners for this speaker.

The look of the Speaker Box 10 E Carbon is subtle but classy, allowing it to be included in any interior style. You won't find any visible screws on the front and the included speakers grills are attached with magnets.

It is available in various finishes to match every listeners preferences. Speaker grills in black are included in the box.
